

## COVID-19 Information

### Message from The Canada-Japan Co-op Program (CJCP)

The Canada-Japan Co-op Program continues to monitor the current global pandemic and the Canadian and Japanese governments' avoid non-essential international travel advisories remain in place (see [Global Affairs Canada](#)).

As a result, the Program cannot currently send students to Japan for co-op work terms. When the situation improves, we will begin accepting new applications from students again.

Please continue to watch this site for updates. If you have any questions, please reach out to Yuko Nemoto, Program Coordinator at [coop.japan@ubc.ca](mailto:coop.japan@ubc.ca).
